

# BREWHOUSE BULLETIN

## Vendor and Visitor Safety

- Ensure proper signage is posted to direct them to the desired entry point and they are checked-in by staff.
- Make sure the brewery staff is aware of their presence and why they are there.
- Inform vendors of the potential hazards they may be exposed to (slips, trips & falls, hot surfaces, material handling equipment, etc.).

# BREWHOUSE BULLETIN

## Vendor and Visitor Safety

- Provide appropriate PPE (safety glasses, hearing protection, over-boots, etc.) if necessary.
- Staff should accompany the vendor to the appropriate area of the brewery, if they are new or unfamiliar with the facility; and periodically, check-in on them.
- Have a policy about whether or not you will allow the vendor to be unaccompanied at any time while at the brewery.
