

# BREWHOUSE BULLETIN: HAZARD COMMUNICATION

## What is the Hazard Communication (HazCom) Standard?

- Established to provide employees with the “Right-to-Know” about the potential hazards associated with their jobs; particularly as it relates to hazardous chemicals.

## What are my requirements as an employer under the HazCom Standard?

- Maintain an inventory of hazardous chemicals;
- Have a system for obtaining and maintaining SDSs;
- Ensure containers have compliant labels and warning signs;
- Develop and implement an employee training program; and,
- Develop and implement a written HazCom program.
